

Instructions for creating Padlets:

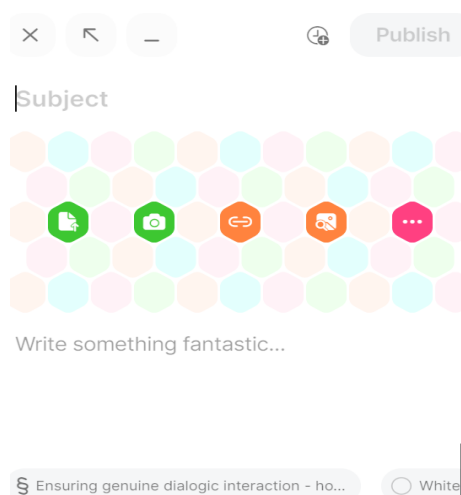

Go to <https://padlet.com> and sign up (go for the free package)

Click on Make a Padlet and you will see this:

Follow the instructions – you can design the Padlet in any way you wish.

Once your Padlet is set up, you just click on the + sign and you can add any resource you choose – documents, photos, web links, images:

You can then publish your Padlet and send a link to anyone, with variable permissions – they can add/edit/show a reaction e.g. star rating.

Good luck with creating your Padlets!
