**SUPPORTING PUPILS
WITH EAL IN THE
PRIMARY CLASSROOM**
VIRGINIA BOWER

Supporting Pupils with EAL in the Primary Classroom 1e

ISBN 9780335264155 | RRP: £23.99 EBOOK: £19.19

Supporting children with English as an additional language (EAL) requires detailed knowledge and understanding of their social, cognitive and linguistic needs. *Supporting Pupils with EAL in the Primary Classroom* highlights the fundamental principles that underpin teaching and learning, and examines practical strategies for classroom practice.

The book focuses on the importance of recognising the knowledge, skills and experience that children with EAL bring to the classroom, whilst identifying the specific support required. It draws on evidence from an extended case study to illustrate essential points and combines this with an examination of relevant theory as well as how this translates to classroom practice.

**AN INTRODUCTION
TO MENTAL HEALTH
IN PARAMEDIC SCIENCE**

JOANNE AUGUSTUS, YUET WAH PATRICK
AND PAULA GARDNER

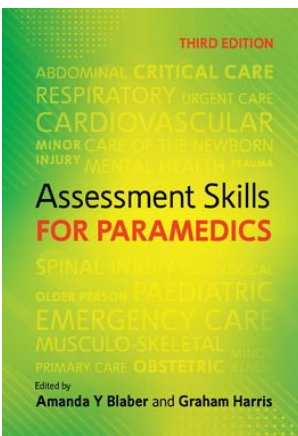

An Introduction to Mental Health in Paramedic Science

ISBN 9780335249930 | PUB DATE JANUARY 2022 | RRP: £23.99 EBOOK: £19.99

An Introduction to Mental Health for Paramedic Science explores how mental health problems impact on the individual in the context of emergency medicine, covering the critical areas that students and practitioners need to know, such as:

- The key characteristics of mental health problems
- How mental health problems relate to the assessment performed in the community
- Referral pathways
- Treatment following referral

Written by experienced paramedic educators this new book is the go-to guide for students and practicing paramedics wanting to explore mental health treatments as encountered in paramedic settings.

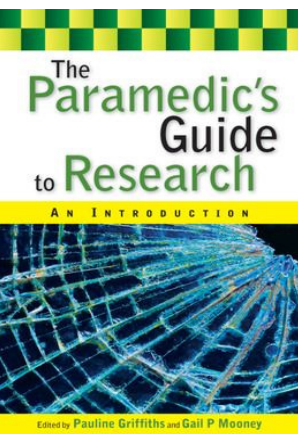

Assessment Skills for Paramedics 3e

ISBN 9780335249954 | PUB DATE SEPTEMBER 2021 | RRP: £31.99 EBOOK: £25.59

Now in its third edition, this highly acclaimed resource is the ideal guide for student and practicing paramedics looking to refresh and consolidate their assessment skills. *Assessment Skills for Paramedics* has been thoroughly revised with fresh, up-to-date knowledge and national guidance. Divided into body systems and presented in a clear, accessible format the book takes the reader through the considerations and actions required for each type of emergency presentation.

Written by experienced paramedics, specialist health care professionals and doctors, this book will enable readers to enhance their practical knowledge and to make accurate, timely and thorough assessment of patients across the lifespan.

The Paramedic's Guide to Research: An Introduction

ISBN 9780335241354 | PUB DATE NOVEMBER 2011 | RRP: £25.99 EBOOK: £20.79

This bestselling undergraduate level book is an ideal resource for student paramedics looking for an excellent introduction to the main theoretical subjects studied in paramedic courses, and links practice issues to the all-important theory base.

The chapters bring to life a wide variety of academic subjects, making complex subjects easily readable and encouraging reflection on how theory fits with practice. This third edition has been expanded throughout and includes five new chapters on research and evidence-based practice, human factors affecting paramedic practice, developing resilience, caring for people with dementia, and public health perspectives.
